Foreword

Welcome to the Sale

On behalf of the entire Archives International Auctions team, I would like to personally welcome you to our Sixteenth exciting auction we have held over the last six years. We are offering over 1400 lots of U.S. and Worldwide Scripophily, Banknotes, Autographs, Security Printing Ephemera and Historic artifacts and Documents over a two day period. We are privileged to be the auctioneer for the Third Annual Wall Street Coin, Currency and Collectibles Show being held at the Museum of American Finance located at 48 Wall Street in New York City.

The sale begins with The First Hour which includes historic documents & objects including an Edison Stock Ticker; a piece of the original cable from the Brooklyn Bridge as well as artwork and interesting objects including generous donations from Tiffany, Baccarat and Pelikan.

We are featuring The Copps Collection of historic Colonial Fiscal Paper, Documents and Stock & Bond Certificates put together over 30 years ago and highlighted by a spectacular 1792 dated U.S. Federal Bond issued to and signed by George Washington while President of the United States. This is the first time an instrument of this sort has been offered publically at auction. We think there will be serious interest in this amazing piece of U.S. Financial and Presidential history.

The first auction session being held at the Museum of American Finance in New York City, scheduled for Saturday, October 19th includes the First Hour, the Copps Collection, Scripophily and Autographs. There are over 50 lots of historic autographs including 3 different Standard Oil Company Stock certificates signed by John D. Rockefeller; 3 different Thomas Edison signed certificates; a historic "Short Snorter" signed by Harry Truman as well as many other WW II military notables; aviation autographs including 3 different Charles Lindbergh as well as Amelia Earhart's autographs; Buffalo Bill Cody's autograph and many other well known signatures. The Scripophily section consists of over 500 different stock and bond certificates highlighted by a Wells Fargo Mining Stock Certificate with a racing stagecoach vignette; One of the earliest Alaska stock certificates known, dated from the late 1870's; Liberty Loan Bonds; Railroad stocks and bonds and hundreds of other interesting U.S. & Worldwide Bonds & Shares.

The second session scheduled for Tuesday, October 22nd at our offices in Fort Lee, New Jersey includes U.S. & Worldwide banknotes; Security Printing Ephemera; Confederate Banknotes & Bonds; Historic ephemera including a fresh estate "Wells Fargo" collection put together over a century ago with many rare Wells Fargo documents, Broadsides, Exchanges and Fiscal paper that have never been offered at auction. The Worldwide Banknote section is highlighted by a U.A.E. Specimen set of 5 notes; a China, Hupeh Government Cash Bank, 1904 rarity; Mexico is represented by a significant selection of rarities seldom seen at auction including high denomination proofs from the Banco period as well as an interesting selection of Bono De Caja Specimens with a discovery note that is unlisted. The U.S. section offers Colonial banknotes; Obsolete banknotes; Fractional Currency; Large & Small Type including an 1896 Educational banknote set of \$1, \$2 and \$5 in high grade and dozens of other desirable notes. The sale is rounded out with an offering of Penn Central stock certificates that had been selected for a reference collection as well as Security Printing Ephemera and stocks and bonds.

We are looking forward to another exciting auction and hope you enjoy our current offerings. Our next live auction is scheduled for late January to early February, 2014 at our offices in Fort Lee, New Jersey. If you have suitable material, we are still seeking consignments for our upcoming 2014 auctions. I would like to thank everyone who has participated in our previous auctions and has helped make this auction series a resounding success.

KEY TO CATALOGING

DEFINITIONS

SPECIMEN: An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

COLOR TRIAL SPECIMENS: Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

PROOF: An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

COLOR TRIAL PROOF: A proof printed in a color other than the issued color

ESSAY SPECIMEN or PROOF: A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay

PRODUCTION MATERIAL: Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

MODEL: A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

"The First Hour"

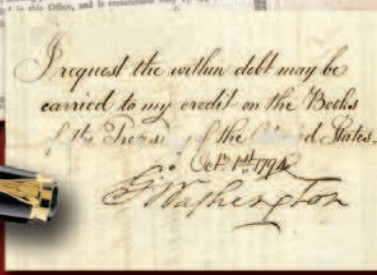

Once again, we are very pleased and proud to welcome Archives International Auctions to the Museum of American Finance for the Wall Street Coin, Currency and Collectibles Show, the "Bourse III" annual sale. This is part of the Show and we hope you will enjoy the diversified offering of interesting pieces.

We have the second installment of the Anniversary Celebration of Important Global Companies and the list of all the companies appears on the Wall Street Bourse web-site, wallstreetbourse.com, along with a list of not-for-profit organizations celebrating important anniversaries. We hope you will have a look.

These lists also appear on the web-site of the Museum, moaf.org. Several of the companies have contributed objects celebrating their special year for the auction, and they appear below.

We are also very fortunate to have the Capps Collection of early American stocks and bonds, and these pieces, assembled thirty years ago, are now first offered in a public auction. One of these lots, the 1792 U. S. Treasury bond issued to George Washington following Hamilton's Plan of Assumption, is an extremely important piece, and no similar object has ever before been offered at public auction. Please have a good look at the catalogue, and enjoy the sale.

The Wall Street Coin, Currency and Collectibles Show is very pleased that you have come to visit, and we look forward to seeing you often at future events.

WASHINGTON AND THE FEDERAL GOVERNMENT

We are very pleased to be able to offer the following 18th Century lots, which have come from an old collection formed over twenty five years ago. Market prices for these pieces are more favorable now, and the lots below have not been offered in a long time, thus fresh examples on the market. There are several splendid lots which deserve attention, and many others which have become scarce by this time, though the prices for them have not expressed that rarity factor. This is a wonderful opportunity to interest a young collector in the many wonders of the material, from the formation of the nation, to the history waiting to be explored, and the political implications as well. Such a hobby formed now would provide a lifetime of learning, exploration, and discovery of what America is all about, because of how it began and how the original rules were formed. There are several dealers in this material whose interest was formed at that early stage, and who have grown with the years in knowledge, understanding, and wisdom, and have enjoyed the experience as well. Please have a careful look at this excellent offering.

An Exceptionally Rare and Historic United States Loan Office Certificate Issued Following Alexander Hamilton's Plan of Assumption of Debts, Issued to George Washington And Endorsed By Him On The Back

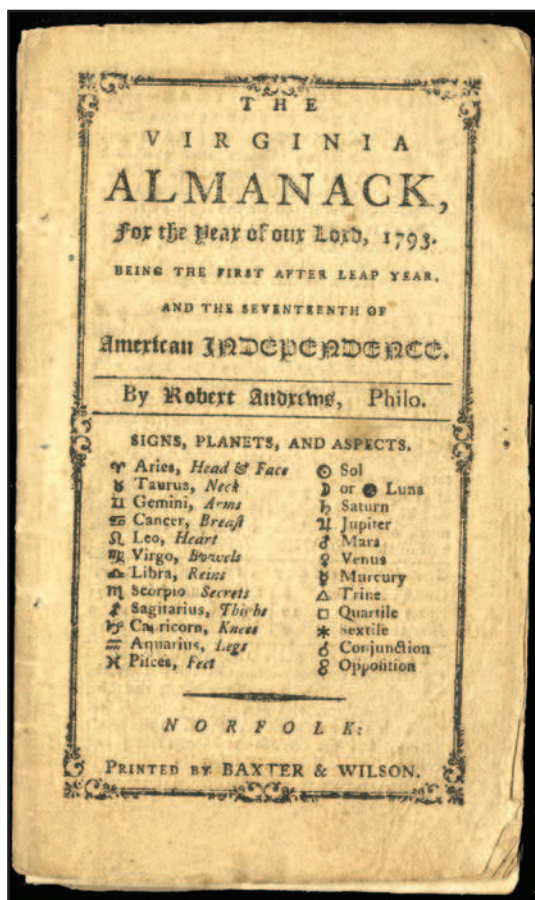

57

- 57 George Washington (1732 – 1799). First President of the United States. Document Signed. January 17, 1792. Size 6"x18." Anderson US-195. Issued by the United States Loan Office. Payable to "George Washington, Esqr. Of the County of Fairfax or his assigns, the sum of one Hundred & Twenty three dollars & ninety nine cents Assumed debt bearing interest at six per cent. Per annum, from the first day of January A.D. one thousand eight hundred and one, inclusively; payable quarter-yearly, and subject to redemption by payments not exceeding, in one year, on account both of principal and interest, the proportion of eight Dollars upon a hundred of the Stock bearing interest at six per cent: created by virtue of an Act, making provision for the Debt of the United States, passed on the fourth day of August, [1790] ..." As the first loan issued under Alexander Hamilton's plan for the federal assumption of debt to reorganize the state and foreign debts under the new Federal government, this remains one of the most historically significant issues of any stock or bond in American history. Following the American Revolution, a complex web of state and national debt remained to be sorted out and repaid. After complex negotiations and compromises with the states, the entirety of the large state and national debt was consolidated into a series of loans. This example originates from the first series of Loan Office certificates which were issued under Hamilton's plan of assumption. The plan authorized a total of \$12,000,000 to fund the payment of principal and interest on the outstanding foreign debt, \$21,500,000 for the payment of interest and principal on the outstanding debts of the states for expenses related to the war and a loan "to the full amount" of the remaining domestic debt.

Of exceptional historical importance to the history of American capital markets, this is truly one of the finest rarities to surface on the scripophily market for many years. These certificates were the first securities traded on the New York Stock Exchange founded in 1792 after the signing of the Buttonwood Agreement just four months after this certificate was issued to Washington. Including this lot, we've been able to locate just three examples of this security issued to Washington, the other two being Certificate #336 as listed in "The Price of Liberty" by William G. Anderson, now in the Museum of American Finance, and Certificate #353 in the archives of the George Washington University Library.

A clerical hand has accomplished the statement of endorsement "I request the within debt may be carried to my credit on the books of the Treasury of the United States, Oct. 1st, 1794." At its completion, the sitting president boldly signs "G. Washington." It is most interesting that Washington chose to leave his funds in the Treasury as his government was in a crisis dealing with the Whisky Rebellion.

Stocks and bonds of any type issued to and signed by Washington are of extreme rarity. That this important issue of American debt is Washington's personal certificate offers a truly superb opportunity for the collector of important historic financial or presidential rarities. The first we are aware of to be offered publicly. (PH) EST. \$35000-70000

NEW YORK

HISTORIC ABRAHAM & STRAUS AND MACY'S RELATED STOCK CERTIFICATE ARCHIVE FROM 1911 TO 1914.

Abraham & Straus (or A&S) was a major New York City department store, based in Brooklyn New York. Abraham Abraham and Joseph Wechsler founded Wechsler & Abraham in 1865 in Brooklyn, New York. The Straus family acquired a general partnership with Macy's Department stores in 1888 and in on April 1, 1893 Nathan Straus, Isidor Straus and Simon F. Rothschild as partners, bought out Wechsler's interest and they change the name to Abraham & Straus. At the time, the company had 2,000 employees.

Isidor Straus (February 6, 1845 – April 15, 1912) was a German-born American businessman and co-owner of Macy's department store with his brother Nathan. He also served briefly as a member of the United States House of Representatives. He died with his wife, Ida, in the sinking of the passenger ship RMS Titanic on April 15th, 1912.

Nathan Straus (January 31, 1848 – January 11, 1931) was an American merchant and philanthropist who co-owned two of New York City's biggest department stores, R.H. Macy & Company and Abraham & Straus. Nathan decided to stay in Palestine when his brother Isidor and sister-in-law Ida Straus went back to New York on the Titanic and lost their lives. He felt he had been spared by divine intervention and decided to give away most of his fortune to various projects in Ottoman Palestine. He was also a major force in establishing milk pasteurization as a standard method of reducing infant mortality in the U.S. and then applied the same methods to Israel (Palestine).

Abraham Abraham (March 9, 1843 – June 28, 1911) was an American businessman and the founder of the Brooklyn, New York department store Abraham & Straus, founded in 1865. The chain, which became part of Federated Department Stores, is now part of Macy's.

- 1047 Amazing ABN & Continental BNC Correspondence with Peru Agent Who Lied to CBNC and Signed with ABN. 1866, U.S. and Peru, Historic archival correspondence file with letter from ABNC, CBNC and agent from Peru based in NYC. The agent of the Government of Peru, Mariano Alvarez, made a verbal agreement with Edward Dunbar to print revenue stamps for Peru for the price of \$3,800 for 6 million stamps. His secretary delivered models and instructions for the stamp design to CBNC. A couple of days later after CBNC began the job, Alvarez sent a note stating that he was having the work done with a competitor (ABNC) for \$3,500. Dunbar went ballistic and wrote a few fiery letters, one that was semi-racist to say the least against Spanish South Americans. Extremely fascinating and detailed letters, in Spanish and most in English. Also includes a copy of the signed agreement with ABNC. Extremely rare Security Printer Correspondence and the back stabbing and treachery that went on, even in the printing business. Toning, small edge tears on some documents but mostly fine to VF condition. Bound by string together on the left side. CBNC and ABNC. (PH) EST. \$1250-2500

CONDITIONS OF SALE

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 18% on the hammer price is payable by the buyer to the auctioneer.
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
(a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.
(c) Quality.
